Press Release

Richard "Dick" Martin Joins Bowser-Morner as Project Manager for Consulting Geology Group

Dayton, January 23, 2007:

Bowser-Morner is pleased to announce that Richard "Dick" Martin has joined Bowser-Morner as a Project Manager in the company's Consulting Geology Group. Mr. Martin has more than thirty years of experience as a geologist, including performing aggregates reserve studies, and handling mine permitting and environmental issues related to the mineral aggregates industry. He also is experienced in three-dimensional computer modeling of deposits, bathymetric survey mapping of lake bottoms, aerial CAD mapping, and exploration programs in the aggregates reserve field.

As a Project Manager in Bowser-Morner's Consulting Geology Group, Mr. Martin will oversee aggregates reserve projects. His responsibilities will include working closely with clients, coordinating and performing the on-site reconnaissance, determining the appropriate program of subsurface exploration, assigning testing parameters, and performing the final reserves analysis.

A leader since 1911 in engineering and testing services, Bowser-Morner's headquarters are in Dayton, Ohio; the company has regional offices in Toledo, Ohio; Lexington, Kentucky; and Springfield, Illinois. Call Randy Dew at (937) 236-8805, Ext. 289, for additional details, or visit our website at www.bowser-morner.com.
